Providing Creative Idea
For Your studio

ABOUT US

Tzu Chi University believes the experience of education should be "great giving." By following this belief, the university creates an exceptional learning environment and provides quality facilities for students to develop their expertise.

WHY CHOOSE US?

The Bachelor of Digital Media and Technology program engages students through coursework and projects to develop essential communication, collaboration & teamwork skills. The unique curriculum meets the needs of new and expanding digital media markets. The Bachelor of Digital Media program develops Four Core Competencies. Together they comprise a skill set and an approach to building, managing, and leading digital media experience.
